DETAILED ACTION

Preliminary Amendment

1. The preliminary amendment filed on 4/29/2005 has been entered.
2. This application is in condition for allowance except for the following formal matters:

Drawings

I- The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the claimed subject matter "a combipack" as recited in claim 10, line 2, must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner,

Art Unit: 3754

the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Objections

II- Claims 12,15-17 are objected to because of the following informalities: claims 12,15-16 recite the limitation "the bulge" in line 6 of claim 12, in line 10 of claim 15 and in line 3 of claim 16 and claim 17 recites "said clearance" in line 2. There is insufficient antecedent basis for this limitation in the claim. Appropriate correction is required

Please note that the adjective "its" recited throughout claims 10-18 be changed to the proper claimed limitation.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Allowable Subject Matter

3. Claims 10-18 are allowed.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Mabee 6,354,467, Farber 4,930,683, Taylor 7,028,863, Taylor 6,685,055, Duvander et al. 6,279,769, Baerenwald 6,257,449, Weiteder 6,041,968, Gabrielli et al. 6,216,945, Guillonnet 5,947,316 and Robichaud et al. 5,101,999 disclose other types of spout seal for a combipack.
